**CT TOUCH
ID: 30219**

**RE-TRANSMITTER / SOUNDER
ID: 22094**

The Re-transmitter can be used to boost a weak signal around the home. The product can also be configured into a Sounder which is designed to give an audible indication when a call is activated when a visual Display Panel is not necessary.

**08 DISPLAY PANEL
ID: 20007**

**FOR ALL OTHER PRODUCTS PLEASE REFER TO:
CONNECT/CONNECT HEALTH PAGE**

TRIGGERS

WIRED PRESSURE MATS

Pressure Mats are designed to assist with residents who may suffer falls and accidents. The mats simply plug into the Room unit and are placed on the floor. When pressure is applied, an alert is sent to staff.

**Alerta Cream Floor Mat wired
ID: 30733**

The Wired Floor+ Alertamat is a robust long-life Alertamat and is most effective when placed at the bedside or doorway; activating the alarm when a user leaves their safe zone by stepping on the mat.

**Wired Bed Alertamat
ID: 30889/30860**

The Wired Bed Alertamat is most effective when concealed under the bed sheet on top of the mattress; activating the alarm when a user leaves their bed. This alerts the caregiver to ascertain the user's safety.

**Alerta Chair Mat wired
ID: 30890/30864**

The Wired Chair Alertamat is most effective when concealed under the chair cushion; activating the alarm when a user leaves their chair. This alerts the caregiver to ascertain the user's safety.

**HEAVY DUTY CARPETED
PRESSURE MAT
ID: 30731**

This mat has a robust carpet on the top, adding extra fall prevention; it has a heavy non slip backing and is sealed, enabling it to be easily cleaned in case of accidental spillages.

SPECIALISED TRIGGERS

We offer a number of specialised triggers to further safeguard your care home with evidencing. They are the perfect solution for tailoring your Nurse Call System for residents with individual needs.

**THE BIG BUTTON
ID: 22198**

The Big Button can be used by residents with limited dexterity in their hands. It can also assist residents who are experiencing visual deterioration.

**EPILEPSY DETECTOR
ID: 22243**

Epilepsy Detector comes with Bedside Monitor, Jack Lead, Motion Sensor, Foam, PSU & Rechargeable Battery

HEAD SWITCHES

The Head Switches can be used to assist staff with residents who have limited movement or mobility; they can also be the perfect solution for tetraplegics and quadriplegics.

**PING PONG TRIGGER
ID: 22171**

The Ping Pong Trigger is super sensitive to light action and can be activated by subtle movements. The base of the trigger has a universal mounting clip; giving you flexibility with tailoring where to clamp it securely.

**BLOW SWITCH
ID: 30912**

TRIGGERS

Courtney Thorne have partnered with Alerta Medical to offer their range of wired and wireless accessories. These fall prevention and bed accessories ensure a safe environment for your residents.

Up to 5 triggers can connect to one receiver wirelessly, eliminating trip hazards and bringing peace of mind to staff, residents and their families.

WIRELESS CONNECTIVITY

The Floor, Bed and Chair Watch Systems are designed to assist with residents who may suffer falls and accidents. The mats connect wirelessly with the Courtney Thorne Room Unit

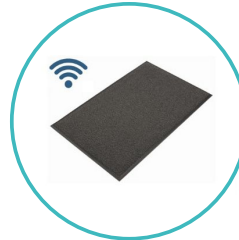

Dementia Pressure Mat ID: 30815

The mat is cream in colour instead of the standard black versions; as some people with dementia will not walk on dark spaces on the floor.

Heavy Duty Carpeted Pressure Mat - ID: 30696

This mat has a robust carpet on the top, adding extra fall prevention; it has a heavy non slip backing and is sealed, enabling it to be easily cleaned in case of accidental spillages.

Alerta Bed pad wireless ID: 30732

The Wireless Bed Alertamat is most effective when concealed under the bed sheet on top of the mattress; activating the alarm when a user leaves their bed. This alerts the caregiver to ascertain the user's safety.

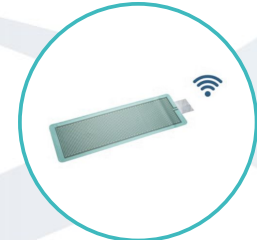

Alerta chair pad wireless ID: 30863

The Wireless Chair Alertamat is most effective when concealed under the chair cushion; activating the alarm when a user leaves their chair. This alerts the caregiver to ascertain the user's safety.

Wetsense bed system ID: 30734

The Wetsense sends an alarm to the Nurse Call System upon detection of moisture in the residents bed i.e vomit or urine.

Alerta Crash mat wireless ID: 30886

The Alertamat Crash Mat with Wireless Nurse Call Alert is designed to be placed next to the bed to minimise injury if the user should fall from bed.

TRIGGERS

SPECIALISED TRIGGERS

We offer a number of specialised triggers to further safeguard your care home with evidencing.
They are the perfect solution for tailoring your Nurse Call System for residents with individual needs.

Infrared Trigger - ID: 30653

The Infrared Trigger has been designed to assist with the problem of residents who are inclined to walk undetected and may suffer falls and accidents. Once installed, the trigger will be activated when the resident breaks the infrared beam.

Did you know our brand-new wireless transmitter allows you to connect up to 5 separate Alerta products keeping your residents safe through multiple eventualities?

Alerta Wireless Wall Receiver (Inc Cable) - ID: 31035

PAGING

A Paging System can be integrated with the Nurse Call System to help carers manage multiple tasks at once, by notifying them of a call without the need to visit a touchscreen or display panel. Paging can also be used to reduce ambient sound at night.

If you would like to have a Paging System integrated into your Nurse Call System then please contact our customer service team on 0800 068 7419. .

PAGERS

Pagers can be integrated with the Nurse Call System.

GEO87ZM PAGER ID: 30139

The pager has a dual line notification screen and uses both characters and digits.

GEO28V3MC PAGER & CHARGER ID: 30137

EPOC-BLUM Critical Response ID: 30201

This pager features colour screen for colour coded alerts

TRANSMITTERS

The Paging Transmitter is part of the Paging System which retransmits the alerts to the Pagers. It is compatible with both the Touchscreen and Display Panel. Please note all new system installations will require an OFCOM licence. If you're unsure please contact us.

ID: 30174

PAGING ACCESSORIES

A selection of spare accessories for our Paging Systems.

PAGER HOLSTER

GEO85ZM
ID: 22266

PAGER RUBBER BOOT FOR GEO87ZM - ID: 22167
